Grants Program Recommendations

---

## **RECOMMENDATION**

It is recommended that the Council approve the funding of 35 grants for a total of \$675,000.00 from the FY 2017-2018 Summer Arts & Science Camps for Kids (SAS-C) Grants Program.

## **BACKGROUND**

The FY 2017-2018 Summer Arts & Science Camps for Kids (SAS-C) Grants Panel, chaired by Councilor Monty Trainer, convened on Tuesday, March 14, 2018 to review 35 applications requesting a total of \$1,331,063. The Panel recommended funding all 35 applications for a total of \$675,000. The Summer Arts & Science Camps for Kids (SAS-C) Grants Program was created as a joint initiative of the Miami-Dade County Department of Cultural Affairs and The Children's Trust. The objective of the SAS-C Grants Program is to grant funding to non-profit organizations that will provide underserved children in Miami-Dade County with opportunities to attend high quality cultural arts or science summer camp programs at little or no cost. Funding through the SAS-C Grants Program is intended to augment existing camp programs, providing more children with the opportunity to participate in cultural arts and science summer camps. Applicants to this program must have a minimum one-year track record of providing high quality, arts or science summer camp programs for children and/or youth in Miami-Dade County.

The Panel specifically evaluated each applicant organization based on the following competitive review criteria: 1) impact, 2) artistic/scientific merit, 3) management capability, and 4) reach/priority considerations.

Priority attention for evaluating applications was given to:

- projects that addressed children whose ability to participate in such programs may be limited by geography, economics or disability; and
- projects in which unduplicated children underwritten by SAS-C funding will attend the camp program for four weeks or more.
- projects offering expanded programs and/or capacity in order to reach a broader population of underserved children

Attached is a list describing the projects recommended for funding.

Funding for the Summer Arts & Science Camps for Kids Grants Program is derived from funds granted to the Department from The Children's Trust (\$675,000). All grant award recommendations are contingent upon approval by the Miami-Dade County Board of County Commissioners and Mayor, and are subject to the availability of funds.
