## **Miami-Dade County Department of Cultural Affairs 2017 Summer Arts & Science Camps for Kids (SAS-C) and All Kids Included (AKI) Funded Programs**

Following is a list of the arts and science summer camps receiving grant funding in 2017 through the Miami-Dade County Department of Cultural Affairs' Summer Arts & Science Camps for Kids (SAS-C) grant program and the All Kids Included (AKI) initiative.

The camps that offer inclusion programs for children and youth with disabilities are highlighted in yellow, indicating if the program is specifically designed for children and youth with disabilities, or if the program offers an inclusion setting. All organizations that receive funding through the Summer Arts & Science Camps for Kids grant program are required to attend a workshop on including children with disabilities in their programs.

The Summer Arts & Science Camps for Kids (SAS-C) Grants Program was created as a joint initiative of the Miami-Dade County Department of Cultural Affairs and The Children's Trust. The SAS-C Grants Program is funded by The Children's Trust. The Children's Trust is a dedicated source of revenue established by voter referendum to improve the lives of children and families in Miami-Dade County.

All Kids Included (AKI) promotes inclusive arts and cultural programs in school settings and throughout the community so that kids of all abilities and their families can participate fully in the arts. AKI is an initiative of the Miami-Dade County Department of Cultural Affairs, made possible with the support of the Miami-Dade County Department of Cultural Affairs and the Cultural Affairs Council, the Miami-Dade County Mayor and Board of County Commissioners, and in part through grant funding provided by The Children's Trust.
