

Proposed East Park

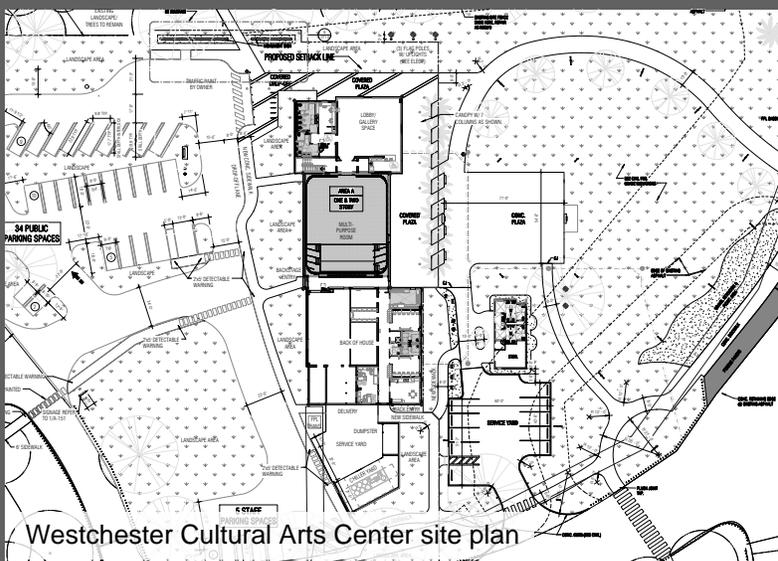

More to come

The Department of Cultural Affairs in collaboration with Parks Recreation and Open Spaces Department has secured funds to create the "East Park" immediately adjacent to the newly constructed Westchester Cultural Arts Center.

This park will include as main feature a Cultural Plaza, an outdoor performance area that will open a multitude of possibilities for outdoor events for the community. This park will be completed with a new restroom building, site lighting with security, and shaded side walks. The East Park is scheduled to be completed by end of 2021.
